## Cancer & its Treatments

### DAY1

#### Course Dates 2018:

Friday 9 March  
Wednesday 6 June  
Friday 12 October

#### Content:

This is a highly informative session which covers a general overview of cancer, including diagnosis, treatment and side effects.

#### Who is it for?

This session is suitable for **complementary therapists, volunteers, health care professionals and staff with a non-oncology background.**

#### Course hours:

10am—3pm

#### Venue:

Lecture Hall, Michael Sobell Centre

#### Cost:

Free of charge to Mount Vernon Cancer Centre/East & North Herts Staff

£75 to all other delegates

## Using Complementary Therapies with Cancer Patients

### DAY 2

#### Course Dates 2018:

Friday 23 March  
Friday 19 October

#### Content:

This workshop is an opportunity to increase your confidence in working appropriately with cancer patients by adapting your therapy to meet their needs.

The day will include presentations of the patient's journey and the therapist's experience in cancer care, as well as time to experience case studies, working within guidelines and practical work and demonstrations.

#### Who is it for?

The day is suitable for **complementary therapists only.**

#### Course hours:

9.30am—4.30pm

#### Venue:

Lecture Hall, Michael Sobell, Education Centre

#### Cost:

Free of charge to Mount Vernon Cancer Centre/East & North Herts Staff  
£75 to all other delegates
